Week 10: Part 2

Wardrobe Organisation

- What organisation tools could you invest in to make your dressing space and experience more enjoyable? eg uniform hangers, drawer dividers, scented drawer liners
- How will you maximise the wear out of your remaining clothes? Will you use a rotation system?
- Store garments according to their weight and credibility eg knits/cardigans are best folded and stacked on a shelf. Jeans can be folded and stored in a drawer. Coats and blazers should be hung on hangers with wide-ends.
- Dedicate one special hanger that can be used to prepare your outfit the night before. Build this into your evening routine.
