

# INTRODUCTION TO ART

## Focussing on Line Weight

### to create impact & movement

Friday 25 November 2022

#### In this Class:

You will learn to vary line weight in either ink or pencil, and the importance of line weight in creating movement and dynamism in an artwork. The inspiration for this lesson will be an ink drawing, “Mother and Child”, by the famous Japanese artist Katsushika Hokusai.

Note: Don't worry about copying this reference picture perfectly; the purpose of this class is to practice drawing folds of cloth and other lines with varying weight rather than drawing a perfect imitation of this study.

#### Equipment for This Class:

- Multi-media or drawing paper
- 4B or 6B Graphite Pencil
- Eraser
- Optional: Ink marker or fountain pen with a flexible tip – black ink
